

ICSD Public Information Access Manager's Report

June 2011

Highlights

Governor's Office

- Troubleshooting
 - Broken links on Gov's site – Someone from the public reported that there were broken links of the Gov's site. Researched the problem and found that the user created the hyperlinks incorrectly through Plone's page editor. Fixed the broken links and notified the Gov's office.

Lt Governor's Office

- Site Maintenance
 - Updated the site to pull a random photo from the Lt. Governor's flickr account
 - Added new "Featured Video" section

DOT

- Troubleshooting
 - The Google map embed was not rendering – needed to put in an exception in the visual editor.

ICSD

- Maintenance
 - Assisted user in posting a bid to the site.

DCCA

- Multimedia
 - Converted a Flash video file to Real Media for hosting on the media server.

DNS Maintenance

- ICSD/OA

Application Administration

- Plone Hotfix 20110531 – addresses security vulnerabilities. The hotfix was applied to all sites.
- Plone Hotfix 20110628 – addresses unauthorized access. The hotfix was applied to all Plone 3 sites.
