

AMENDMENT 3  
STATEMENT OF WORK

COUNTY OF HAWAII  
DEPARTMENT OF LIQUOR CONTROL

---

LICENSING & PERMITTING APPLICATION

Version 1.00

DOCUMENT NUMBER – HAWAII.FY2021.002.A3

STATE OF HAWAII

---

**OVERVIEW**

---

This Statement of Work (“SOW”) document identifies the responsibilities between the County of Hawaii, Department of Liquor Control (“COUNTY”) and the Hawaii Information Consortium, LLC dba NIC Hawaii (“NIC HI”), the Internet Portal provider for the State of Hawaii. This document is subordinate to the requirements stated in RFP-08-11-SW, Internet Portal Manager and Service Provider, NIC HI’s Proposal and the contract between the State of Hawaii and NIC HI dated December 3, 2007 (collectively referred to as the “CONTRACT”).

The SOW is subordinate to the Service Level CONTRACT (“SLA”) between the COUNTY and NIC HI signed and dated on June 15, 2015. This SOW is subject to all terms and conditions thereof unless specifically designated as exceptions in this document.

This is an amendment to the following SOW documents:

1. Original SOW document entitled “County of Hawaii Department of Liquor Control Licensing & Permitting Application signed between the COUNTY and NIC HI on August 8, 2016
2. SOW Amendment1 document entitled “County of Hawaii Department of Liquor Control Licensing & Permitting Application signed between the COUNTY and NIC HI on April 5, 2019
3. SOW Amendment2 document entitled “County of Hawaii Department of Liquor Control Licensing & Permitting Application signed between the COUNTY and NIC HI on April 9, 2020

---

**TERM AND TERMINATION**

---

This SOW shall begin on the date it is signed by all parties (hereinafter referred to as “Effective Date”), and shall continue in effect until the expiration/termination of the CONTRACT. Termination of this SOW shall not operate to terminate any other SOW between the parties, and such termination shall not, by itself, operate to terminate the CONTRACT.

This SOW may be terminated pursuant to the terms and conditions in the AG’s General Conditions.

---

**CURRENT PROCESS**

---

To prepare an invoice, such as the Notice of Percentage Fee Due memo, the COUNTY utilizes mail merge in a spreadsheet to merge the COUNTY’s memo template and calculated fees. The invoice is mailed out to the licensees and online payments are currently not accepted.

There currently is no process for archiving liquor license renewals.

---

**PURPOSE STATEMENT**

---

The purpose of this SOW amendment is to update the Licensing & Permitting application to allow the COUNTY to prepare invoices as well as for allowing the licensees to pay for their dues via eCheck or Credit Card. The update will also allow the COUNTY to archive previous online and over-the-counter liquor license renewals.

This SOW amendment also amends the service fees for the Liquor License Original, Liquor License Renewal and Direct Wine Shipper Permit modules. The updated services fees are under Transaction Fees in Exhibit A.

---

**DEFINITIONS**

---

**Acceptance:** Acceptance refers to the COUNTY's written approval of the functionality delivered in the production environment.

**CMS (Content Management System) site:** the front-end user interface that allows a user, even with limited expertise, to add, modify, and remove content from a website without the intervention of a webmaster; primarily allows the user to perform actions.

**Delivery:** Delivery refers to when NIC HI delivers the entire functionality per the SOW requirements into the production environment.

**Final Acceptance:** Final Acceptance refers to the COUNTY's written approval of the entire project.

**Fixed Rate (Business Model):** When transaction fees are not feasible we can still offer services with a fixed rate. In most cases, this funding model is used when an agency wants to develop an online service that has an existing funding model (i.e. federal grants) or the service doesn't generate any revenue but requires significant development and maintenance.

**Hybrid (Business Model):** A hybrid approach is using both the self-funded and time & materials models together. There are development costs, however, they are discounted as there is also a self-funded component to the application.

**Self-funded (Business Model):** NIC HI absorbs the risk and cost of developing & maintaining the service in return for future revenue over the lifecycle of the service. NIC HI generates revenue through portal fees that are added on to the online services we build. These fees can be passed to the fee payer or absorbed in part or whole by the COUNTY.

**Services:** Web site and application development; Web site and application maintenance; Web site and application hosting; Marketing; Customer service; Payment portal and account management; Portal development and maintenance; Mobile web applications. See SPO Vendor List Contract No. 08-13 for entire list of services.

**Software:** Web applications, CMS websites and APIs. For purposes of clarity, the following off-the-shelf, SaaS solutions are developed, owned and maintained by NIC HI affiliates and expressly excluded from the definition of “Software”: (1) payment processing services and subscriber billing; (2) the Gov2Go® Platform and related services; (3) a proprietary application development platform referred to as “Application Engine,” which enables expedited application design services; and (4) any other enterprise SaaS solutions developed outside of the CONTRACT and provided for COUNTY use under the CONTRACT.

**Web application or application:** a client–server software application in which the client (or user interface) runs in a web browser; primarily allows the user to perform actions.

**Work plan:** a work plan provides a timeline of the deliverables outlined in the SOW that is developed by NIC HI and approved by the COUNTY.

---

#### SCOPE OF WORK AND DELIVERABLES

---

Specifications for the project are attached as Exhibit A and made a part of this SOW.

---

#### DELIVERY, ACCEPTANCE AND FINAL ACCEPTANCE

---

##### DELIVERY

Prior to launch of the service, NIC HI will provide the COUNTY with an Authorization to Deploy Letter describing that the service has been built to the COUNTY requirements. The COUNTY shall sign and return the Authorization to Deploy Letter to NIC HI within 5 business days.

After receiving the signed Authorization to Deploy Letter, NIC HI will deploy the entire functionality per the SOW requirements into the production environment on the date specified in the Authorization to Deploy Letter.

##### ACCEPTANCE (Deliverables)

The COUNTY shall not exceed fifteen (15) working days to review each deliverable and to either notify NIC HI of acceptance, or to provide NIC HI a detailed list of deficiencies that must be remedied prior to payment being made. In the event the COUNTY notifies NIC HI of material, non-compliance with the functional specifications, NIC HI shall correct the error within a period not to exceed fifteen (15) working days or a time period mutually agreed upon between NIC HI and COUNTY.

##### FINAL ACCEPTANCE

COUNTY should notify NIC HI of any errors or bugs when discovered during testing in the 90-day post-launch period. NIC HI shall fix any specifications not met by the project completion date specified in the

Work Plan, plus the 10 business days to fix all issues at no extra cost or charge to COUNTY, or any longer time specified as mutually agreed upon in writing.

Once all the errors and bugs, if any, have been fixed and the Software or service has been retested, or at the end of the 90-day post-delivery period, whichever occurs later, NIC HI shall provide an acceptance letter to COUNTY with a checklist of the deliverables/specifications for approval. COUNTY shall sign and return the acceptance letter to NIC HI within 5 business days at which time the maintenance period begins.

---

### MAINTENANCE AND SUPPORT

---

The annual maintenance and hosting shall be provided to the COUNTY, irrespective of any changes or enhancements to the system, as described under Maintenance and Support Fees in Exhibit A.

NIC HI will provide support for the proper installation and ongoing general maintenance and operation of the application including the following:

- Customer Service Technical Support including phone, email, and chat support Monday through Friday 7:45 AM to 4:30 PM, excluding state holidays.
- Maintenance of the web application and hosted environment
  - annual application scan within a year of the anniversary of service launch date
  - server, system, and security updates upon release of new patches/updates by third-party vendors
  - monitoring of the application and hosted environment 24/7

Notification to COUNTY to be posted of any changes or maintenance at least 48 hours prior.

After the application is delivered, as defined in the DELIVERY and FINAL ACCEPTANCE section, NIC HI shall immediately provide troubleshooting to correct any errors in the application and issues reported by COUNTY.

Upon receipt of notice of an error, NIC HI will assign a priority level to the error or issue in accordance with the following criteria:

- Priority A – An error that results in the service being substantially or completely nonfunctional or inoperative. These issues shall be resolved within 6 business hours. If an issue cannot be resolved within the 6 business hours or a work-around is the immediate solution, a resolution plan must be presented by NIC HI to the COUNTY within the 6 business hours and the NIC HI General Manager will be notified. If the service is unavailable a message will immediately be posted by NIC HI to web users that the site is temporarily down.
- Priority B – An error that does not impact the performance or operation of the site, but correction of the error will result in improved user experience or application efficiency. NIC HI will investigate and resolve within 10 business days. If the issue cannot be resolved within the 10 business days or a work-around, decided by both parties, is the immediate solution, a resolution plan must be presented by NIC HI to the COUNTY within the 10 business days.

- Priority C – A simple text or graphic (non-design) change. The change will be completed within 15 business days unless a mutually agreed upon timeline is stated in writing.

During state business hours, 7:45 a.m. – 4:30 p.m., Monday through Friday, the COUNTY will contact the Partner Liaison if there are any issues with the service. During non-business hours, the NIC HI support team can be contacted at 808-695-4627.

In the event of a system-wide service issue, NIC HI will immediately notify the Office of Enterprise Technology Services (ETS) via email, [ets.notifyus@hawaii.gov](mailto:ets.notifyus@hawaii.gov). For all other service issues impacting a single service, NIC HI will immediately notify the State Portal Program Manager and the COUNTY Project Manager by email and phone (See Exhibit A for contact information).

---

**FEES**

---

All fees shall be reviewed periodically by the COUNTY and the Access Hawaii Committee (AHC), and adjusted after review via an amendment to the SOW upon mutual agreement of NIC HI, the COUNTY, and the AHC. The AHC will review and approve any and all Portal charges for fairness, reasonableness, and appropriateness in furthering the goals of this CONTRACT.

**RESPONSIBILITIES OF THE COUNTY**

---

COUNTY will designate a Project Manager with responsibility and authority for review and approval of deliverables under this SOW.

To accomplish the tasks outlined in this SOW and provide the deliverables defined in the Deliverables/Milestones section of this document, COUNTY Project Manager will work with NIC HI Project Manager/Project Liaison to establish a project plan/timeline in conjunction with Deliverables/Milestones, NIC HI will require the following from COUNTY by the agreed upon dates in the Work Plan. If COUNTY does not provide any of these items by the required date, delivery dates for NIC HI deliverables will be revised accordingly. NIC HI will not be held responsible for delays in the timetable due to unavailability of data or resources from COUNTY.

- COUNTY will provide timely authorization for the project and for each approval required during the project.
- COUNTY will provide written functional requirements for all system components.
- COUNTY agrees to designate content-knowledgeable reviewer(s) to review each deliverable prior to acceptance to ensure that acceptance represents an informed commitment.
- COUNTY will provide knowledge transfer of necessary IT knowledge, environment and business processes. Verbal walkthroughs and documentation will satisfy this responsibility.
- COUNTY will provide content information to be presented on the website.
- While building the website, it is the COUNTY'S responsibility to ensure all pre-existing PDF documents meet the August 25, 2010 State Comptroller's Memorandum 2010-28 on Policy Guidance on Web Site Accessibility, which is incorporated herein by reference. This includes adding tags to each document to ensure they are easily read by screen readers.
- After 90-days post launch, COUNTY is responsible for maintaining ADA compliance.
- COUNTY will perform testing and give approval of acceptance
- See additional responsibilities in Exhibit A

---

#### **RESPONSIBILITIES OF NIC HAWAII**

---

NIC HI will provide a Project Manager to serve as the primary point of contact and coordination with the COUNTY project team for the duration of the implementation of this project. COUNTY will require the following from NIC HI by the agreed upon dates. If NIC HI does not provide any of these items by the required date, delivery dates, then COUNTY will not be held responsible for delays in the timetable due to unavailability of data or resources from NIC HI. NIC HI will provide all the NIC HI deliverables detailed in the Deliverables section and will:

- Host the application over the course of its lifecycle
- Present a resolution plan for Priority A prior to project commencement
- Create and submit a Continuity plan to the COUNTY 5 business days prior to launch
- Provide day-to-day management of the project work plan
- Host periodic team meetings to review the status of project activities against the plan
- Provide Project Plan Updates
- Provide Executive Briefing as needed
- Provide the COUNTY with transaction reports and money transfers on a schedule mutually agreed to by NIC HI and the COUNTY

- Provide a consistent look and feel for related applications under development
- Provide ongoing monitoring of system efficiency and effectiveness and correct deficiencies in a prompt manner
- Provide resources to design, create, test, and implement the service
- Perform system maintenance and upgrades
- Run database backups and recovery routines
- Provide services as specified in the SOW
- Ensure website accessibility compliance per the August 25, 2010 State Comptroller's Memorandum 2010-28 on Policy Guidance on Web Site Accessibility, which is incorporated herein by reference. Accessibility of content added by the COUNTY post-production launch is at the responsibility of the COUNTY.
- Includes acceptance testing criteria and process
- See additional responsibilities in Exhibit A

---

#### REMEDIES

---

##### **Failure to Perform**

If NIC HI substantially fails to perform the SOW, COUNTY will give NIC HI written notice describing such failure. Thereafter, NIC HI shall have 10 days (or a longer period of time if set forth in the written notice) to remediate such failure. If NIC HI has not remediated such failure within the allotted time period, COUNTY may terminate this SOW.

Pursuant to section 9.16.2 of the CONTRACT, substantial failure of NIC HI to perform the SOW may cause the COUNTY to terminate the SOW. In this event, the COUNTY may require NIC HI to reimburse the monies paid (based on the identified portion of unacceptable work received) and may seek associated damages.

---

#### MODIFICATIONS AND AMENDMENTS

---

This SOW may be modified, amended or extended only by mutual agreement signed by both parties.
