SERVICE LEVEL
AGREEMENT

FOR

DEPARTMENT OF
EDUCATION

INTRODUCTION

“eHawaii.gov” is the Internet portal through which the State and Counties electronically provide public information, access to public information, and access to premium services.

HAWAII INFORMATION CONSORTIUM, LLC DBA NIC HAWAII (“NIC HI”) has been contracted by the State of Hawaii (“State”) to serve as the manager of “eHawaii.gov.” This contract allows NIC HI to offer fast-track electronic government services to any state, county or federal government entity operating in Hawaii. NIC HI is on the State Procurement Office approved vendor list.

The purpose of this agreement is to serve as a memorandum of understanding with respect to the implementation of “Hawaii.gov” for the Department of Education (DOE) (“PARTNER”).

WHAT NIC HI WILL DO FOR THE PARTNER

This document is subordinate to the requirements stated in: (1) Request For Proposal No. RFP-08-11-SW, Internet Portal Manager and Service Provider, including all addenda; (2) NIC HI’s Proposal submitted on October 31, 2007 in response to Request For Proposal No. RFP-08-11-SW; and (3) the Contract for Portal Manager Services between the State of Hawaii and NIC HI, dated December 3, 2007 and effective January 4, 2008, as the same is amended from time to time. The Department of Education is a participating jurisdiction in the state contract. In the event of a conflict between the provisions in this Service Level Agreement and the foregoing documents, the provisions of the foregoing documents shall control.

NIC HI’s contract specifically identifies key functional areas covered:

- Web site and web or mobile application development;
- Web site and web or mobile application maintenance;
- Web site and application hosting;
- Marketing;
- Customer service;
- Time and materials projects and services based on expedited price list;
- Payment portal, payment processing and account management; and
- Portal development and maintenance

The State Procurement Office Circular pertaining to this contract has been included as Appendix A.

Among the responsibilities, duties, and obligations of NIC HI in these documents are certain tasks, functions and services that NIC HI has agreed to provide to each partner seeking to implement Internet applications on eHawaii.gov, that is, to create Internet applications by which to provide public information, access to public information, and access to premium services. NIC HI has agreed to provide these tasks, functions and services at little or no upfront costs to each partner.

NIC HI will coordinate and work with the PARTNER similar to how a web-hosting or service provider would work with its customer. Just as customers would use a web hosting provider's resources to publish and disseminate their information, the PARTNER may use NIC HI to obtain management, programming, financial, technical, and marketing resources to help the PARTNER develop, host, and promote expanded citizen access to existing information or transactions.

A list of some of the tasks, functions and services, which may be provided, is attached as attachment "A." Since this list is not intended to be exhaustive, if a partner requires tasks, functions and services not listed on attachment "A," an inquiry should be issued to NIC HI.

IMPLEMENTING INTERNET APPLICATIONS ON HAWAII.GOV

To initiate the implementation of an Internet application on Hawaii.gov, the PARTNER must work with NIC HI to prepare a Statement of Work document for the Internet application. Since the Statement of Work is the document that describes the purpose and scope of the proposed Internet application, the PARTNER is strongly encouraged to collaborate with NIC HI on this document. Statements of Work so developed are subject to approval by the Access Hawaii Committee.

All Statements of Work previously executed by NIC HI and the PARTNER pursuant to a prior Service Level Agreement are incorporated herein by reference and shall continue in effect until terminated.

Generally, this Statement of Work document may set forth the following:

A clear and detailed statement of the PARTNER's expectations for Internet applications developed by NIC HI, may include but is not limited to:

- a. A purpose statement for the project/service;
- b. Fees associated with the project/service;
- c. Overview of the current business process;
- d. Scope statement;
- e. Delivery/ deployment information;
- f. Project development costs;
- g. Risk assessment;
- h. Deliverables;
- i. Schedule estimates;
- j. Maintenance and support;
- k. Technical support;

- l. Modifications and enhancements;
- m. Partner responsibilities;
- n. NIC HI responsibilities;
- o. Terms of agreement;
- p. Change process;
- q. Stakeholders;
- r. Chain of command; and
- s. Signoff.

COLLABORATION

Successful development of a functional Internet application will require collaboration between NIC HI and the PARTNER. Both NIC HI and the PARTNER agree to assist each other in understanding, documenting, and implementing the Statement of Work.

FINAL APPROVAL OF INTERNET APPLICATIONS

Final approval of any Internet application developed by NIC HI, including the decision to publish the application, rests with the PARTNER.

CONFLICTS

In the event of a conflict between NIC HI and the PARTNER, the parties shall first attempt to resolve and otherwise work out the conflicts. In the event the parties are unable to resolve the conflict, the matter shall be brought to the Access Hawaii Committee.

Understood and agreed.

INTERNET PORTAL SERVICES is a self-supporting and cost-effective Internet Portal that provides enhanced access to public information and services. The key components of the Portal system are a "home page" that is designed from a customer or citizen point of view, applications that support on-line processing of licenses, filings, permits, applications, renewals, and database searches, and presentation of information to citizens and businesses. It has been developed and operated without the direct appropriation of any tax dollars. Many services and information are provided to the public at no charge.

Primary funding for the portal comes from transaction costs or additional portal fees for enhanced or value-added services. Under the self-supporting model, multiple revenue sources are identified and established by the Access Hawaii Committee (AHC) to fund the enterprise portal initiative.

This contract is for front-end Web applications to deliver information and services, including:

- Web site and application development;
- Web site and application maintenance;
- Web site and application hosting;
- Marketing;

INTERNET PORTAL MANAGER
AND SERVICES PROVIDER

- 2 -

SPO VL Contract No. 08-13
01/04/08 to 01/03/22

- Customer service;
- Payment portal and account management;
- Portal development and maintenance; and
- Mobile web applications

To facilitate the integration of application development with State and County systems, the Contractor will provide the following at no additional expense:

- Data conversion to port data from the existing back-end systems or other data sources to the Portal at the Contractor's expense; and
- Development, maintenance, and troubleshooting interfaces to transfer information bi-directionally between the Portal Partner's system and the Portal. Unless separately negotiated between the Portal Manager and a Portal Partner, any computer and/or communications hardware, software, or service required to implement these interfaces shall be at Contractor's expense, inclusive of all one-time and recurring costs.

Services include expanding portal services by developing new and enhancing existing portal services. Work includes project management, design, programming, testing, deployment, documenting, and marketing. All work on Portal services shall be done with the approval and input of the portal partners and oversight of the AHC.

The Contractor shall negotiate individual Service Level Agreements (SLA) with each agency that needs portal services. All SLAs are subject to the prior approval of the AHC and work shall not commence under any SLA without AHC prior approval.

For each project undertaken, agencies shall work with the Contractor to develop a Statement of Work (SOW) to be developed by the Contractor.

This contract does not include development or maintenance work on back-end applications, hosting back-end applications, storage of partner data, or processing of partner data and internal-only systems, such as:

- Acting as the sole or primary repository of partner-owned data;
- Processing of partner-owned data for internal-only purposes;
- Primary archive, data or image storage, or data or imaging systems containing partner-owned data to be used for internal partner-government purposes; and
- Direct, live access to a Partner's back-end existing system require approval of the Partner(s), the Access Hawaii Committee, and the Information and Communication Services Division (ICSD) of DAGS.

Agencies needing services not covered under this contract shall use the applicable procurement method and its procedures, including seeking Chief Procurement Officer (CPO) approval for an exemption, if applicable.

Portal Services

The contract allows for the development of new Portal Services to include project management, design, programming, testing, deployment, documenting and marketing. The Contractor will provide Internet application development services and consulting to include: needs analysis research, user testing and research, database development, graphics/web site design, web site maintenance and development of web applications such as database searches, dynamic web

01/04/08 to 01/03/22

sites and other non-transaction based services. The SOW will be developed between the Contractor and the Portal Partner, and approved by the AHC.

The contract allows for management and administrative services to include web site and application development, web site and application maintenance, web site and application hosting, marketing, customer service, payment portal and account management, and portal development and maintenance.

Expedited Portal Related Services

The Contractor may subcontract work when an agency needs a portal service under the contract immediately that cannot be completed in a time-frame that the Contractor's staff can meet due to workload being performed under this contract. The Contractor shall be paid for such expedited services on a time and materials basis at an hourly rate listed below and cannot be used for non-contract portal services. All time and materials work for expedited portal services shall be approved by the AHC.

| Consulting and Development Services: | Hourly Rates: |
|---|----------------------|
| General Manager | \$240.00 |
| Software Architect | \$120.00 |
| Senior Project Manager | \$120.00 |
| Project Manager | \$80.00 |
| Senior Business Analyst | \$100.00 |
| Business Analyst | \$70.00 |
| Senior Developer | \$100.00 |
| Developer | \$80.00 |
| Web/Creative Designer | \$60.00 |
| Print Designer | \$75.00 |
| Marketing Executive | \$80.00 |
| Marketing Associate | \$50.00 |
| Financial Management/Billing Specialist/Support Staff | \$70.00 |
| Database Administrator | \$100.00 |
| Security Administrator | \$100.00 |
| Systems Administrator | \$100.00 |

VENDOR CODE for annotation on purchase orders is obtainable from the *Alphabetical Vendor Edit Table* available at your department's fiscal office. Agencies are cautioned that the remittance address on an invoice may be different from the address of the vendor code annotated on the purchase order.

SPO VL Contract No. 08-13 must be typed on purchase orders or contracts issued against this vendor list contract.

COMPLIANCE PURSUANT TO HRS §103d-310(c). Prior to awarding this contract, the SPO verified compliance of the Contractor(s) named in the SPO Vendor List Contract No. 08-13, but
