

## Department of Health – Alcohol and Drug Abuse Division

**Project Name:** Opioid Settlement Project

**Business Model:** Fixed Rate

---

### Project Overview

**Problem** – Hawaii is slated to receive a large sum from a national settlement to help address the opioid crisis. There is currently no website that captures the activity and data related to reporting Hawaii Opioid Settlement funds.

**Solution** – Design, implement, and launch a new website that describes the Hawaii Opioid Settlement program, incorporating some existing elements from the current Hawaii Opioid website, as well as allow for future ability to incorporate a feedback portal, intake of reports and data elements, and possible addition/integration of information from a data representation tool.
