

Project Summary

City & County of Honolulu, Office of City Clerk

Project Name: Legislative Document Access – HNLDOC Amendment III

Business Model: Fixed Rate

Project Overview

Problem – Improvements are requested for public user notifications, measure display and search results, as well as creation of pre-formatted reports, custom reports, expanded Council Dashboard, and new document processing tools.

Solution – Expand notification types, customization, and email administration, improve display of measures and add information to search results, create a suite of custom reports for public viewing, add the ability to customize reports to Council members and staff, improve report access and testimony viewing in the Council Dashboard, and ensure better tracking and reviewing of newly published documents.

Additional Benefits – Improvements will enhance public awareness and participation in the legislative process, and will increase the accuracy and efficiency of government.
