

# Project Summary

## Department of Accounting and General Services (DAGS) – State Procurement Office (SPO)

**Project Name:** Online Auction System – SPO Amendment 1

**Business Model:** Transaction Based

---

### Project Overview

**Problem** - State Procurement Office (SPO) Auction site, originally launched in 2016, does not have the updated look and feel of other SPO web services.

**Solution** – Tyler Hawaii has recently developed a new multi-tenant auction site. Adding SPO as a new tenant will provide it with a more modern look and feel, improved functionality, and a mobile responsive design.

**Additional Benefits** – The public can now view videos as well as more photos than in the past, so they can make more informed decisions regarding their bids.

### New AG Auction Site

The screenshot shows the homepage of the Hawaii Auctions website. At the top, there is a dark blue navigation bar with "Hawaii.gov | Auctions" on the left and "Admin Home", "Help Center", and "Account" on the right. Below the navigation bar is a white header area with the "Auctions" logo and "Hawaii online public auctions" on the left, and a search bar with "All Categories" and "Search..." on the right. The main content area is titled "Current Auctions" and features three auction listings. Each listing includes an image of the item, the item name and ID, the ending time, current bid, increment, and category. To the right of the listings is a "How to bid" section with a list of three steps and a "Questions?" section with a "Get Help" button.

**Current Auctions**

- Bookshelf (4654754)**  
Ends in: **More than 2 weeks**
